JOIN THE ENVIRONMENTAL CLUB

MAKE A DIFFERENCE. GET OUTSIDE. HELP OUR PLANET.

LAST YEAR...

We spent a day at Deer Island, cleaning ports and creating habitats for local wildlife.

MEETING DATES
WILL BE DECIDED AT
THE FIRST MEETING!

THIS YEAR WE'RE FOCUSING ON:

LAND & TRAIL CARE

Clearing brush and debris in select areas to support healthy growth and create better access for trails and wildlife.

INVASIVE PLANT MANAGEMENT

Removing noxious weeds that are overtaking native trees and plants in targeted areas (with proper protection in some spots).

TRAIL DEVELOPMENT

Helping with the construction of a new additional trail by clearing brush, hauling debris, and preparing the path.

SHORELINE CLEANUP

Picking up debris and trash from the beach and shoreline areas.

INTERPRETIVE SIGN AREAS

Cleaning around the signs and removing debris.

SNACKS

We have snacks at every meeting!

SMALL TIME COMMITMENT

Meetings typically run for half an hour or less afterwards. Some activities may take more time, but we'll help with rides if you need one!

ATTENDANCE

It's okay if you can't make every meeting, but we take attendance to keep growing our impact!
